This is the most ambitious private development of exclusive properties not only in Spain, but in Southern Europe. Located on the sunny Costa Dorada, it offers a lifestyle rooted in wellness and sustainability, nestled in a forest with its own beach club.

This development is intended to be your primary residence, not just a summer home, as it is designed for families who aspire to a productive life and professional success. Its proximity to major cities makes it attractive to entrepreneurs and young professionals.

Distances to:

10 km to Tarragona (port service)

107 km to Barcelona

74 km to Sitges

98 km to Barcelona airport (BCN)

13 km to Reus airport (from EU cities)

202 km to Andorra

The sustainably landscaped resort features three golf courses surrounded by hills, lakes and ruins, endless trails for forest walks in protected natural areas with endangered species and breathtaking views of the Mediterranean. In addition, it offers gym, gourmet dining options, childcare for leisure hours, club house and

a wellness area with direct access to the beach.
